

Information System Specialist III

This full-time position is responsible for the advanced technical services and administering and maintaining Washington County Community College's local area network (LAN) and wide area network (WAN), and supervising support services. This position will perform a full range of system administrative functions in a complex computing environment, including design, installation, and configuration of hardware, software and communication networks; perform advanced troubleshooting, technical support, maintenance and replacement of administrative, instructional, and support technology, software, and other equipment for the college. This position will design and develop application programs for database management and maintain complex data processing and storage environments composed of multiple operating systems, networks, servers, and application systems. This position will also work closely with the Dean of Information Technology to ensure open and complete communication between all members of the IT team and assist in the development of an information technology plan for the college. Some nights and weekend maybe required. Position is performed under limited supervision and a high level of judgment required.

Minimum Qualifications: Bachelor's degree in computer technology and 3 years of experience designing, installing, configuring and troubleshooting hardware, software and networking issues in a multi-user operation.

Salary Range: Full-time, MSEA Unit/salary commensurate with credentials and experience, Range 23, \$47,049 to \$53,851. Benefits: 100% employer paid health for employees, dental & life insurance for employees, Maine State Retirement, vacation//sick time allowances, professional development, and free tuition within the MCCA.

Application Process: Interested candidates should submit a cover letter, resume, unofficial transcripts, list three professional references (letters accepted) to resume@wccc.me.edu or mail to Robyn Leighton, Human Resource Coordinator, Washington County Community College, One College Drive, Calais, ME 04619. Attn: Information System Specialist by close of business Friday, February 8, 2019. WCCC is an EO/AA Employer
