- 6) Washington County Community College used the following methods to determine which students receive Emergency Financial Aid Grants and how much they would receive under Section 18004(a)(1) of the CARES Act.

a) For Round 1:

- i) The college identified who was enrolled in the Spring 2020 term and notified the students via email and the front page of the Washington County Community College website as an alert on Friday, May 8, 2020 that the federally funded CARES Act application was available. In addition, the college sent an email to faculty and staff aware of the funds for eligible students for them to provide information to their students.
- ii) Applications are continuously received from students via their MyWCCC. For those applications received and eligibility confirmed the college is awarding federally funded CARES Act money. The award amount is not to exceed \$1,5000 or the amount the student requested, in accordance with college administration policy.

- 7) Washington County Community College students who were enrolled and had completed a Free Application for Federal Student Aid and appeared to meet the US Department of Education’s [“Basic Eligibility Criteria”](#) were sent the following email to their personal and SMCC student email addresses:
