

Washington County Community College

Calais, Maine

Discover Choices • Create Success

Medical Pathways

COVID-19 has upended the economic landscape. In response, Maine's Community Colleges have shifted our short-term workforce training to provide more free remote job training programs that prepare people for jobs that are in high demand, right now.

CERTIFIED MEDICAL INSURANCE SPECIALIST

Prior coding experience recommended.

Learn the current guidelines and responsibilities to manage third-party provider reimbursement. The instructor will explain types of managed care plans and guidelines for working with third-party payers. Review documentation, diagnostic and procedural coding rules, and compliance. Participants will learn collection strategies, tips, and receive problem-solving guidance.

This program includes:

- A series of 10 pre-recorded 90-minute instructor-led sessions
- Full course manual
- Proctored certification exam
- Registered students can access the recordings online for up to one year after the original recording date

The modality of certification exams at course completion will be evaluated and adjusted to fit CDC distancing requirements.

This training is FREE

Enroll in the CMIS certification program online and get certified on your schedule!

Thanks to Maine Quality Center funding, this training program is available to a limited number of under or unemployed learners at no cost. (includes tuition, exam voucher, copies of current editions of CPT®, HCPCS, ICD-10-CM, and a medical dictionary)
