Residential Life Program Philosophy

The Residential Life Program at Washington County Community College is designed to provide students with living facilities and programs that enhance their formal classroom education. The program is structured to promote students' social, cultural, personal, and intellectual development. Living in an on-campus residence hall offers a structured environment in which students can both live independently and develop a greater sense of responsibility to the community in which they live.

Washington County Community College is first and foremost an institution of learning and teaching, committed to serving the needs of society. The College is built on a foundation of **respect**, respect for one's self and the community as a whole. All members of the Washington County Community College community must strive to maintain a climate of justice marked by respect for each other.

We, as a community, confront and reject all manifestations of discrimination, and promote open expression of our individuality, and our diversity within the bounds of courtesy, sensitivity, and respect. We recognize that each of us has an obligation to the community of which we have chosen to be a part. We will strive to build a true community of spirit and purpose based on mutual respect and caring.

You should also be treated with respect. WCCC strives to create an environment where respect is expected and obvious, where others are treated the way we wish to be treated, where conflict resolution is the rule not the exception and where we all feel someone is available to help when needed. Please report any instances of being treated disrespectfully to Residence Life Staff immediately. We also ask students to follow these guidelines:

Students not following the above guidelines could find themselves in violation of the Student Code of Conduct and/or Residence Hall Agreement. More information on the Student Code of Conduct and Residence Hall Agreement can be found below.

Please remember you are a representative of Washington County Community College as well as the residence life community, on and off campus. Your actions in the neighboring communities should reflect these principles at all times.

Residence Hall Agreement, Student Code of Conduct, Student Handbook & Housing Addendum

In becoming a member of the WCCC community, you may live in your own way; living, learning and expressing yourself. We do expect you to be responsible for your own conduct, keeping in mind that it cannot interfere with the rights of others.

This document serves as a supplement to the Residence Hall Agreement, Student Code of Conduct, and Student Handbook. Throughout this document, you will see references to these other documents. As a student at WCCC, you are expected to read and understand the information contained in all documents, and follow all responsibilities and guidelines in each. Please remember, these documents were established to ensure a safe, respectful, living and learning environment for all students.

Prior to moving on campus, you must sign a Residence Hall Agreement. See the Director of Residential Housing right away if you have not.

For the 2022-23 academic year, students also need to sign and abide by a Housing Addendum with specific expectations regarding COVID – 19. As with the other documents mentioned, failure to abide by the Addendum could result in a disciplinary action.

Please note that this document may be changed or updated as deemed appropriate by the Department of Residential Life. Students will be notified of any changes or updates and are responsible for viewing the Residential Life Handbook once updated.

*All aforementioned documents can be found on our website: wccc.me.edu

Parental / Guardian Notification

The College may inform parents or legal guardians of any violation of the College's policy regarding the use/possession of alcohol or controlled substances if the student is under the age of 21, and the College determines that the student has committed a violation with respect to such policy. The College may also contact parents or legal guardians if the College believes the student poses a danger to themselves or others, or if there is a safety or health concern, regardless of a student's age.

Residential Life Staff

There is a full-time professional who resides on campus, and 3-6 Resident Assistants, who are students just like you, any given year. There are two staff members on call each night to assist students.

Director of Residential Life and Student Activities

The Director of Residential Life and Student Activities (referred to as the Director of Residential Life) is a full-time professional staff member who resides on campus to assist students. The Director is responsible for the residence life program, serves in an on-call rotation to assist students, and supervises the Resident Assistants. The Director is familiar with student needs and concerns in our community living environment. The Director's office is located in apartment four of Quoddy Hall.

Resident Assistants

Resident Assistants (RAs) are students living in the residence halls who are paraprofessionals, hired by the College. They are considered responsible employees. They complete an extensive selection process and training program. Resident Assistants are a peer resource, providing direction to residents when needed. They are available to answer questions about the campus and the local community, assist with roommate conflicts, and personal or academic concerns. They also sponsor campus programs and activities. Although RAs are a peer resources, they are responsible to explain and enforce college policies. Residents will be notified via fliers, email, or staff coming door-to-door. Attendance is mandatory at these meetings, as important information is covered. If you are unable to attend, please let the Director of Residential Life know in writing, immediately. Repeated failures to attend these meetings without communication with a staff person or getting the information afterwards, could result in a violation of the Residence Hall Agreement or Student Code of Conduct.

Residence Hall Council (RHC)

All resident students are automatically members of the Residence Hall Council. The first meeting will be held shortly after the start of the school year. Residents will be notified via flier, email and posters. Residence Hall Council serves as a resource for students living on campus and provides an opportunity to proactively address concerns and suggestions regarding living on campus. The RHC is the voice for the residents and is vital to our community. All residents are eligible for election as a Residence Hall Council representative. Election of representatives is early in the Fall semester. Residents are strongly urged to take an active part in Residence Hall Council!

Camera System

Cameras have been installed in some common areas in housing and other areas of campus. The recordings from the cameras will be used when possible, in instances of possible violations of the Student Code of Conduct and/or Residence Hall Agreement and in health and safety situations. The presence of the cameras should not be considered a substitute for normal safety precautions.

Fire Safety

Fire safety equipment such as smoke detectors, sprinklers, fire extinguishers, fire alarm pull boxes, and emergency exit routing signs have been installed in the Residence Halls for your safety. These lifesaving items should never be tampered with. You will be found in violation of the Residence Hall Agreement and Student Code of Conduct if you tamper in any way with the fire safety equipment, or start a fire. You may be removed from campus housing. You will also be held responsible for any damage caused by tampering with the equipment or from starting a fire. Not only is this a violation of our policies, it is also a state law. If found in violation of tampering with fire safety equipment, you could also be reported to local authorities. Please note it is also a violation to not vacate any campus building during a fire alarm. Any time the alarm sounds, leave your apartment immediately following the evacuation route.

Residence Life Staff will instruct students on proper evacuation procedures at the first meeting of the year. You are encouraged to ask questions at any time if any procedure seems unclear. Students should leave by the nearest exit. If flame or smoke is blocking the nearest exit, occupants should be aware of their next available exit. You should exit the building completely. You must also move across the entrance path and wait on the opposite side of the fire lane until the Fire Department has inspected the building and approves re-entering the building.

Please be aware that the Calais Fire Department responds to all fire alarms and therefore fire lanes and the front of the entrance should remain clear at all times to provide the Fire Department with easy access to the buildings. The fire alarm sounds at the Calais Fire Department at the same time as the building alarm. Therefore, if everyone leaves the building immediately, the occupants should be out of the building before the Fire Department arrives at the scene.

Fire Safety Tips

- If you suspect a fire, before opening a door, feel near the top of the door as well as the doorknob for heat. If they feel cool, open the door slowly.
- If smoke is present, close the door and use another route. If the door is hot, do not open it.
- Always close the door behind you to limit the spread of fire and smoke.
- If you must go through heat or heavy smoke, crawl on the floor as heat and smoke rise.
- If you become trapped, stuff a sheet or jacket under the door to keep out the smoke.

RAVE is our campus alert system. Students are automatically enrolled in RAVE. Please log onto the Portal to confirm that your contact information is correct.

Natural Disaster Emergencies

Should a natural or other disaster occur, College Personnel will determine and direct a plan of action. All students will be notified by official college communication, regarding the plan.

POLICIES, PROCEDURES, RIGHTS & RESPONSIBILITIES

Room Assignments

Room assignments are made on the basis of a full academic semester. Room charges are on a flat rate for the entire semester. Due to the number of students applying for housing, the office cannot guarantee that your preference of room choice will be honored, although every effort will be made. Students currently in the Residence Hall receive first priority in assignment for the following year.

Consolidation/Re-Assignment

The Residential Life Office reserves the right to reassign any student to a new apartment/room or to assign another roommate to that room. Students are not to move to another apartment or room without the permission of the Director of Residential Life.

Check-In

Each resident must officially check-in during specified dates and times as scheduled by the Residential Life Office. Failure to do so within 5 days of the start of the semester may result in revocation of the Residence Hall Agreement unless the Residential Life Office has given prior approval.

To officially check-in, report to the Residential Life Office during official designated move-in day (see Academic Calendar or see notices from the Director of Residential Life). During check-in, you will get your room key and sign your Room Inventory Inspection Sheet. Please make sure you have paid your \$150 deposit and have turned in your Immunization History Form indicating that you have received your Meningococcal vaccine. For the 2022-23 academic year, residential hall students must be fully vaccinated against COVID-19 and will need to provide proof. Failure to pay your deposit or get the

required vaccines, may prevent you from moving into the Residence Hall or residing in them in the future.

Check-Out

During break periods, we ask students to check out and turn in their room key. Your belongings can stay during that time. You must also check-out officially if you change apartments, decide to move off campus, and at the end of the year. A schedule of staff on check-out duty will be posted. Each student must check-out of their room, reporting to the Residential Life Office. Failure to do so could result in a fine being placed on your student account.

- All your possessions must be removed from your room, and it must be cleaned thoroughly. All original furniture should be in your room, left in its original position and condition.
- At check out, you will return your room key and sign your Room Inventory Inspection Sheet. Damage to the room will be noted on the Room Inventory Inspection Sheet. A Residence Life Staff member will assess apartments once everyone moves out. Students are financially responsible for any repairs that are required. If Residence Life Staff cannot determine who caused damage, all occupants will be charged.

Your check-out is not complete until you sign the Room Inventory Inspection Sheet, and return your key. Any belongings left in your apartment will become property of the College. Should you leave without signing your Room Inventory Inspection Sheet, you acknowledge that any damage will be billed to you and you will not have the ability to appeal the damage charges.

Prohibited Items

Please see the list of prohibited fire hazard items. In addition, the following items are also not permitted in the Residence Halls:

- Refrigerators larger than 3 cubic feet.
- Illegal drugs and drug paraphernalia. This includes marijuana as WCCC has to follow federal laws regarding marijuana. Marijuana is currently illegal federally, therefore it is not allowed on campus.
- Alcohol and alcohol containers.
- Decorations including nudity or references to alcohol and drugs.
- Firearms and weapons of any kind including but not limited to: archery equipment, air pistols, bb guns, metal tipped darts, paintball guns, ammunition, knives, blades and swords.

Please note: for the safety and security of students, additions can be made to this list as staff see appropriate.

Room and Damage/Deposit

Each resident must pay a \$150.00 damage/deposit fee on their room when requesting to live on campus. The damage/deposit is refundable only if the student cancels their residency before the announced deadline or at the end of the semester. All charges outstanding at the end of each semester are deducted from this deposit. If you are returning to campus for another year, you will need to bring the balance of the deposit back up to \$150.00.

Entry and Inspection of Rooms by College Officials

WCCC believes students have the right to a private space. However, Residential Life Staff and appropriate College Officials reserve the right to enter apartments if there is an emergency or perceived emergency. We also reserve the right to enter apartments for health and safety concerns, maintenance repairs, and to regulate the premises in accordance with WCCC rules and regulations. If we believe students are violating policies which could be a threat to the health and safety of individuals and/or damaging to college property, we may enter your apartment. If the situation allows, every effort will be made to contact the occupants of the apartment prior to staff entering.

We also conduct inspections on a regular basis. Inspections are intended to ensure health and safety regulations are being followed. However, students will be held accountable for any Residence Hall Agreement and/or Student Code of Conduct violations discovered at the time of inspections. Any prohibited items will be confiscated, and potential violations will be reported to the Association Dean of Student Affairs and Retention. You may or may not get the confiscated item returned to you. Not being present during the time of inspection does not mean you are not responsible.

If there are health and safety concerns in your apartment, you may be found in violation of the Residence Hall Agreement and or Student Code of Conduct. Failure to cooperate with the inspection process, or continuous health and safety concerns could result in loss of the privilege to live in the Residence Halls.

Housing During Holiday/Break Periods

Housing in the Residence Halls is only available while classes are in session. Therefore, you will not be able to stay in the Residence Halls during official break periods. Room Keys

The room keys you receive are the property of the College. You may not make or obtain unauthorized duplicates. If you lose your key, notify a Residential Life Staff member immediately. A \$50 charge will be placed on your student account for a lock change and new key. You may not install your own personal locks or security chains. The maintenance staff will remove such fixtures and the student will be fined a \$50 fee and a violation of the Residence Hall Agreement and/or Student Code of Conduct may occur.

A fee will be assessed for failing to return your key during the checkout process. It will be considered an improper check out, and a new lock will need to be installed. Keys must be returned at the end of year, even if you are returning to the same room the following year.

Other than routine maintenance, you will be responsible for any damages and will be billed accordingly. Repairs should be addressed within two business days, if not please notify Residential Life Staff member to receive an updates.

In some instances, students can be banned from the Residence Halls temporarily or permanently, depending on the situation. Important Roommate Information

Roommate Courtesy

As members of the Washington County Community College community, students are expected to respect the rights and privacy of their roommates. The needs and rights of all roommates take priority over the rights of one member of a room or apartment regarding all policies.

Statement on Roommate Agreement

Residents should let their roommates know about situations that make them feel uncomfortable; including situations involving guests or visitors. It is highly recommended that residents take the time to complete the following Roommate Agreement exercise. This exercise will help you to better understand your own needs and the needs of your roommates. Residents are expected to listen respectfully and adhere wherever possible to requests from their roommates regarding privacy and the use of their rooms, including others belongings.

Residence Life Staff members are committed to assisting and helping students understand policies related to campus and roommate courtesy. Any student who has difficulties resolving conflicts relating to the issues of Residence Hall and roommate courtesy should contact their Resident Assistant for support in bringing everyone together for a discussion. Repeated problems should be reported to Director of Residential Life.

The Washington County Community College Roommate Agreement

The roommate agreement is meant to be used as an aid to Washington County Community College resident students for clarification and resolution of issues commonly confronted by roommates. A Resident Assistant can serve as a facilitator, or roommates may initially choose to discuss and resolve the issues on their own.

Sharing a room with one other person and an apartment with four others, can be one of the major challenges of college life. Rooming with other people can be very rewarding, and often college roommates become lifetime friends. However, just as with any other relationship, there must be a high level of trust and clear expectations.

This agreement is offered as a guide to help new roommates establish their own needs and acknowledge the needs of others. It is also recommended for returning students who may want to reevaluate their time schedules or alter previous patterns.

Select a mutually convenient time for all involved and agree to complete the guide as thoroughly and honestly as possible. Finish the process as early in the semester as possible. There is no right or wrong answers - only individual preferences.

1. Whose and what furniture, wall hangings, plants, etc. will be in the room?
2. Will the room be divided? (my side, your side)
3. How will cleaning tasks be completed? (Take turns or clean own area)

4. What is everyone's schedule like? Things to consider: What times are reserved for sleep? When does everyone get up? When is study time vs. relaxation? What is everyone's class schedule? Are there any special needs or preferences?
5. Since there is one access point for cable TV in each room, whose TV will be hooked up? What channel/program will we be watching?
6. Based on the College guest policy, how will guests be handled? Do roommates request advance notice? If overnight guests are expected, what special arrangements will be made, and when?
7. What articles can roommates feel free to borrow or use, if any? What articles are strictly off limits? (Personal clothing, computers, microwave, etc...)
8. Are there any special topics, which need to be addressed? How should "violations" of these arrangements be addressed?

Guest/Visitation Procedures

At this time, access to the residence halls is limited to guests who have been fully vaccinated against COVID – 19.

Anyone who does not live in your apartment is considered a guest. The purpose of the Guest Policy is to allow residents to host guests in a responsible manner. The rights and property of individuals, including roommates, and the College must be protected from unwanted intrusions and potential vandalism.

Roommates are required to check with one another to confirm that guests/visitors are not an inconvenience to their living environment at any time.

Failure to comply with our Guest Policy and Procedures could result in a violation of the Residence Hall Agreement and or Student Code of Conduct. Students who continuously violate the guest policy may no longer be allowed guests and could be issued a no trespass order.

Adjudication of Residence Hall and Student Code of Conduct Violations

In some cases, violations are minor and Residential Life Staff will issue a warning. If the behavior continues or situations are more serious, a report will be written and passed on to the Associate Dean of Student Affairs and Retention. The student will then have to meet with the Associate Dean of Student Affairs and Retention. During that meeting, the Associate Dean will notify the student of any potential violations of the Residence Hall Agreement and/or Student Code of Conduct and gather as much information as possible from the student(s). An investigation will be conducted by the Associate Dean, who will then make a determination about what policies, if any, have been violated, as well as appropriate sanctions. Sanctions up to an including dismissal from the College can result. Please note the Dean of Enrollment Management and Student Services may also meet with students and make decisions.

The following steps are taken when a potential violation has occurred:

1. The student will be notified of the alleged violation
2. The student will be given the opportunity to respond to the allegations, including the opportunity to present documents and/or witnesses on their behalf
3. The student will receive written notification of the decision and any sanction imposed
4. The student has the right to appeal any decision made by the Association Dean or hearing officer. The appeal must be submitted in writing to the Dean of Enrollment Management and Student Services, within 48 hours of receiving the Associate Dean's decision.

Please see the Student Code of Conduct for further information on the process and your rights and responsibilities as a student here at WCCC.
